If you don't know, you can't even imagine...

Each year, the day before the first Saturday in February, we walk into this empty room. For a moment, it's just a quiet vacant building before the buzz of activity begins. I cannot even begin describing the huge number of people who show up to help, and help they do!! We are always amazed to watch this room as it is transformed into what it needs to be the next day...each year it happens faster and easier than the year before. Every group has their own plan to put their area together and they have the team to make it happen. Several times during the day, we just stop to scan the room and are always humbled and amazed at the whole "Cancer Freeze" team. It truly takes a village!!

It's a long day, before a very long day but watching the work and camaraderie that happens here is more than I can describe to you. Quietly as we lock up to go home and try to sleep, we can't help but to thank our good Lord for the many blessings He has sent us, and for what the next day will be for our recipients.

We will take this opportunity to say THANK YOU to all of you who helped in any way at all, whether working or giving....you blessed so many!!

Founders,

Caleb & Jennifer Davidson

◆ Recap Feb Event

How does one begin to recap or count the many blessings that surrounded our BIG day on Feb. 2nd at Lake Jackson, Florida? It never even makes sense, except that we know that our God had his hands over it completely!

Beginning with the Bass Tournament and ending with the Live Auction, with so many things in between, we raised over \$67,000 that one day. Yes, all in one day, in Florida, AL. There were a total of 29 vendors turning in proceeds, as well as an amazing 26 individual donations. We can never express our gratitude fully, as our hearts are just overwhelmed with this kind of support in our home town.

Thank you for always speaking up for, thinking of, opening your wallet to, and praying for Cancer Freeze as we work diligently to provide some sort of help to those so desperately in need.
